

Please complete this form before your child attends the Wadars' Wildlife Session.

Child's Name: \_\_\_\_\_

Parent/Guardian Name: \_\_\_\_\_

### Photo & Video Consent

I consent to photographs and videos of my child being taken during the session and used on both WADARS and Ferring Country Centre websites and social media channels.

Please note:

Children will be making bird feeders which contain seeds and nuts. If your child has a nut or seed allergy, we can provide an alternative option using suet, which can be set up on a separate table. However, if your child has an airborne allergy, we recommend that they do not take part in the bird feeder activity.

### Session Information & Safety

- Activities are suitable for children aged 5–10 years.
- Children will take part in a treasure hunt involving raw, unprocessed wool from our sheep. All children must wash their hands afterwards.
- No live animals will be present during the session.
- Parents/guardians are responsible for ensuring children are not left unattended.

### Donation

There is no charge for this session, however a minimum £2 donation to WADARS is recommended. Your donation helps support the rescue, rehabilitation, and care of local wildlife and animals in need. Children will be able to take their bird feeder home.

### Consent

I confirm that the information provided above is accurate and that my child may participate in the activities described.
